

CLINICAL PSYCHOLOGIST (A) TRAINEE

Professional Summary

I'm currently pursuing my PDCP from SGT University, with a strong focus on ethical, empathetic, and evidence-based care. My clinical training and internships have prepared me to work with children, adolescents, and individuals facing schizophrenia, mood and anxiety disorders, autism, and substance use. I'm trained in Behavior Therapy, CBT, DBT, and ACT, with a focus on emotional regulation and behavioural change. I actively seek opportunities that expand my hands-on experience and align with my goal of becoming a well-rounded clinical psychologist.

Work Experience
