## ABOUT ME

As a psychiatrist with comprehensive academic training and clinical exposure, I aspire to leverage my knowledge and skills to provide holistic mental health care. I am dedicated to diagnosing and treating diverse psychiatric disorders using evidence-based practices, including psychopharmacology and psychotherapy, while ensuring an empathetic and patient-centered approach.

## EXPERIENCE

### Fr. Muller Medical College

#### Junior Resident 2022-2025

**Patient Assessment & Diagnosis:** Conducted thorough psychiatric evaluations, diagnosing mental health disorders across age groups.

**Treatment Planning:** Developed individualized treatment plans, managed psychotropic medications.

**Psychotherapy & Counseling:** Delivered cognitive behavioral therapy, supportive counseling, and psychoeducation to patients and their families; led group therapy for mood and substance use disorders.

**Emergency Care:** Handled psychiatric emergencies like acute psychosis and suicide attempts.

**Senior Resident:** SMBT medical college and research center, Nashik, 2025 April onwards
