

## Resume

LAIBA

890/B WARD-08

AULIYA MASJID MEHRAULI

NEW DELHI-110030

CONTACT NO: 9582206170

EMAIL: SIDDIQUILAIBA570@GMAIL.COM

## Objective

To leverage my expertise in clinical laboratory procedures and contribute effectively in a reputed healthcare organization.

## Skills and Abilities

- Strong expertise in Phlebotomy, Hematology, Clinical Biochemistry, Molecular Biology, and Microbiology.
- Proficient in Molecular Biology, including nucleic acid extraction, PCR techniques, and real-time PCR.
- Experienced in manual laboratory techniques such as slide preparation, Gram staining, Field staining, semen analysis, and differential leukocyte count (DLC).
- Skilled in culture techniques including aerobic/anaerobic bacterial cultures, inoculation, and subculturing on various agar media.
- Familiar with laboratory safety protocols and equipment maintenance.
- Proficient in transfusion medicine, histopathology, and urinalysis.
- Good understanding of laboratory equipment and their maintenance.
- Ability to recognize and solve problems effectively.
- Dedicated and goal-oriented with a passion for continuous learning.

## Equipment Expertise

- AGD2260 - Fully automatic Biochemistry analyzer
- Erba EM200 - Fully automatic Biochemistry analyzer
- Erba ECL105 - Semi-automated coagulation analyzer
- ABL-80 - Blood gas analyzer
- Erba LisaScan EM - Automated ELISA Microplate Reader
- Erba EC-90 - Electrolyte analyzer
- Sysmex XP100 - Hematology analyzer
- Erba CHEM-7 - Semi-automatic Biochemistry analyzer
- Erba H360 - Automated 3-part differential hematology analyzer
- Microscopy - Manual examination of slides for cell morphology and pathogens
- Yumizen H-500 - 5-part differential hematology analyzer
- Mispa i3 - Immunoturbidimetric analyzer for specific protein testing
- SD Biosensor - Rapid diagnostic testing platform for infectious diseases
- Haemostasis Analyzer - Analyzer for coagulation testing and clot detection
- Mispa CXL Pro - Fully automatic Biochemistry analyzer
- Maglumi X3 - Chemiluminescence immunoassay (CLIA) analyzer
- Bio Safety Cabinet - Enclosed workspace for safely handling pathogens
- Remi RM-03 - Laboratory centrifuge for sample separation
- Incubator - Maintains controlled temperature for microbial growth
- Zybiox EXM-3000 - Fully automatic hematology analyzer
- Laminar Airflow - Sterile workbench for contamination-free procedures
- CFX Opus 96 - Real-time PCR system for molecular diagnostics
- CFX Opus 96 DX - IVD-compliant real-time PCR system for clinical applications
- Remi RS-12R - Refrigerated centrifuge for temperature-sensitive samples
- Rayto RT-6900 - Semi-automated chemistry analyzer

## Education

- DMLT - BSS (Godcare Community College)
- Pursuing BSc-MLT - NIMS University
- 12th Passed - Ramanujan Sarvodya Kanya Vidhyalaya, Mehrauli (CBSE)
- 10th Passed - Ramanujan Sarvodya Kanya Vidhyalaya, Mehrauli (CBSE)

## Work Experience

- Lab Technician - Parmeshwari Devi Hospital (01/09/2023 - 15/02/2025)
- Lab Technician - Charak Path Lab (01/09/2022 - 29/08/2023)
- Lab Technician - Urolife Poly Clinic (01/01/2021 - 30/08/2022)
- Training - Northern Railway Central Hospital

## Personal Details

NAME: LAIBA

FATHER'S NAME: MEHBOOB ALAM

MOTHER'S NAME: SHABANA

GENDER: FEMALE

LANGUAGE: HINDI & ENGLISH

MARITAL STATUS: UNMARRIED
